It is with a very heavy heart that we share with you that a long time friend and member of the Willy Bietak family - Angelo Dagostino has passed away at his home in Palm Springs, CA.

His history with Willy Bietak Productions goes back to the mid-80s when he performed in shows that Willy Bietak produced for Ice Capades and Sarah Kawahara directed and choreographed. He went on touring for approximately 10 years and then moved to San Francisco and started his teaching career. He first started working for Bietak Productions again at our outdoor ice rink at Union Square in San Francisco which then lead to Angelo coming back to the world of ice shows. He just knew that his true passion was being involved in shows and it was evident when you got to experience his enthusiasm. It was something that was part of who he was. He installed 37 ice casts for our shows on board Royal Caribbean ships throughout the world. He always felt a deep responsibility to the product and to all

the performers that he worked with. We are all feeling a tremendous loss...he was a terrific colleague, but more importantly he was a good friend to all of us at Willy Bietak Productions.

If you had the chance to work with Angelo, please take his words with you to inspire yourself and those around you. He remains with us all....
